**Calendar Events: 3/25/2019 3 p.m. - State Capitol, Room 4202 ASSEMBLY TRANSPORTATION, FRAZIER, Chair**

Summary: Under current law, if, after an arrest, accident investigation, or other law enforcement action, it appears that a violation has occurred involving, among other things, an infraction involving vehicle equipment, the arresting officer is required to permit the arrested person to execute a notice, prepared by the officer in triplicate, containing a promise to correct the violation and to deliver proof of correction to the issuing agency, unless the arresting officer finds that a disqualifying condition exists. Under current law, a violation of the above-described requirements related to mufflers and exhaust systems is included among those conditions that are disqualifying. This bill would delete the requirements related to mufflers and exhaust systems from the list of disqualifying conditions, thereby making a person who is arrested for one of these offenses eligible to execute the notice as described above.

Please contact the members of the Assembly Transportation Committee and voice your support for these two bills. See email addresses below.
